

Oswestry Otters A.S.C

Child Protection Policy

Oswestry Otters Swimming Club has adopted policies for working with children & young people set out by the ASA, in conjunction with the NSPCC.

- All coaching staff, committee members & poolside helpers are registered with the ASA, who as part of their child protection procedure maintain a child protection list. The purpose of this list is to advise clubs of people who should not work with children, because they have a criminal conviction, which could put children at risk.
- All coaching staff & pool side helpers must attend a child protection workshop as part of their induction. These workshops introduce best practice techniques for working with children & young people
- All members of the committee have had copy of ASA Child protection in swimming Procedures & Guidelines & have signed to say that they have adopted the policy
- Important Telephone Numbers

Swim Line	0808 100 4001
NSPCC	0800 800 500
Club Welfare Officer (Kevin Balcombe)	07925302396
- Swim Line details are displayed on the club notice board
